

# Unlock Growth with Fractional CHRO Support

---

## Expertise Matters

Companies with strong HR leadership are 116% more likely to succeed in their transformation efforts; but, that talent can often be too costly for an organization's bottom-line. Tapping into Fractional CHRO support can provide that expertise, while being cost-effective for the bottom line.

## Enhance Profitability

A BCG study found that organizations with strong HR practices experience up to 3.5X the revenue growth and up to 2.1 times the profit margins of their peers.

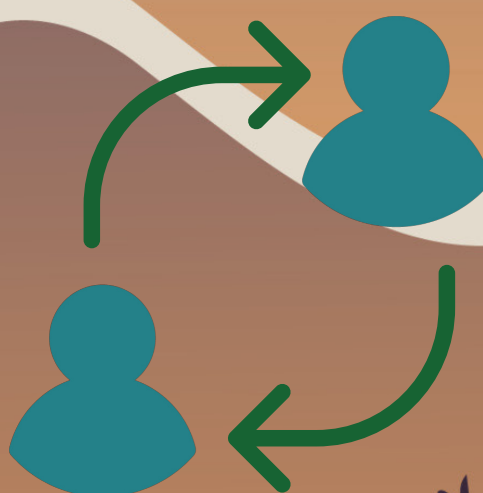

## Improve Employee Productivity

According to research done by Gallup, companies with engaged employees outperform their peers by 147% in earnings per share.

## Reduce Turnover Costs

The Center for American Progress estimates that the cost of replacing an employee can range from 16% to 213% of their annual salary.

---

## Looking towards the future

Fractional CHROs bring years of experience to your organization, at a fraction of the cost. They remain agile while driving results, which has aided their emergence as a transformative partner in the business landscape.
